

IAEE MECA CONFERENCE

ANTALYA - TÜRKİYE / 4-6 DECEMBER 2025

IAEE Middle East & Central Asia Conference

4-6 December 2025, Antalya , Türkiye

"Energy Transition in MECA: Economics, Geopolitics and Sustainability"

www.iaee2025.org.tr

CALL FOR PAPERS

The Middle East and Central Asia (MECA) regions are home to the world's largest oil and gas reserves. As such, these regions have a crucial impact on energy pricing and supply security worldwide. Energy Transition is a global issue driven essentially by climate concerns. Our focus in this conference is on the energy transition in MECA elaborating on different forms of energy and various aspects including markets, policies, outlooks, technologies and financing opportunities. Particular emphasis is on the economics of the transition, geopolitical implications and sustainability. Our Call for Papers is not limited to studies related to MECA, but also other regions and countries as experience sharing will provide great synergy and value added.

The conference program includes several exciting plenaries featuring internationally established speakers and lively discussions. With its social functions, the conference provides a unique opportunity for networking and enhancing communication amongst energy concerned professionals from business, government, academia and other circles worldwide. The organization committee is determined to make this conference a professionally most enriching and socially most memorable event.

Submit your abstract to present recent work and learn from the work of others in Antalya. Join participants from the most influential government, corporate and academic energy decision-making institutions in MECA for lively discussions and networking.

Conference Timetable

Abstract submission deadline: August 1st, 2025

Notification of acceptance: September 8th, 2025

Full paper submission deadline: October 24th, 2025

The 1st IAEE Eurasian Conference was held in 2016 in Baku, Azerbaijan. The 1st IAEE Middle East Conference was held in 2019 in Abu Dhabi, UAE. Since then, the Turkish Association for Energy Economics (TRAEE) has been spearheading the Eurasian conferences while the Saudi Association for Energy Economics (SAEE) has been spearheading the Middle East conferences. Today, TRAEE and SAEE join forces to bring the two regional organizations together under the IAEE Middle East and Central Asia (MECA) Conference.

Plenary Sessions:

Plenary sessions will be set up in a panel format to facilitate lively discussions on key issues with top actors. Please visit the conference website for plenary topics, speakers and bios.

Concurrent / Discussant Sessions:

Concurrent sessions will be organized as regular, discussant or roundtable sessions. The regular concurrent and discussant sessions will be composed of contributed papers, whose submitted abstracts will undergo double-blind peer review. Discussant sessions will include a designated chair/discussant and additional time per speaker to facilitate in-depth academic discussions on each presentation. Preference for inclusion in a discussant session shall be indicated during abstract submission. Full paper submission is required for inclusion in a discussant session.

Roundtable Sessions:

Roundtable sessions will be organized as collaborative conversation sessions. The topics and speakers of a Roundtable Session will be proposed by its organizing chair, to be approved by the Program Committee. Applications for organizing a roundtable session shall be sent to info@iaee2025.org.tr

Poster Session:

Poster session entrants must be at student status at the time of abstract submission. Abstracts for poster presentation will undergo a double-blind peer review. Preference for inclusion in the poster session shall be indicated during abstract submission.

Program Committee Members

Name	Affiliation
Dr. Adnan Shihab-Eldin	Oxford Institute for Energy Studies

- Energy Efficiency and Conservation
- Energy Education and Workforce Development
- Electricity Markets and Regulation
- Nuclear Energy
- Energy and Geopolitics
- Energy Transition in Emerging Economies
- Sustainability and Environmental Impacts

Abstract Submission:

Authors wishing to make concurrent session presentations must submit an abstract that briefly describes the material to be presented by the abstract submission deadline, August 2nd, 2025. The abstract must be no more than two pages in length and must include the following sections:

- Overview of the topic including its background and potential significance;
- Methodology: how the matter was addressed, what techniques were used;
- Results: key and ancillary findings;
- Conclusions: lessons learned, implications, next steps;
- References (if any).

Abstracts for the poster session must be submitted by the regular abstract deadline. The abstract format for the Poster Session is identical to that for the Concurrent Sessions. Additionally, such an abstract should clearly indicate that it is intended for the Poster Session. Please visit the conference website (<http://www.iaee2025.org.tr>). Abstracts must be submitted online through the conference website. Abstracts submitted by e-mail or in hard copy will not be processed.
